GEISINGER SHUTTLE SERVICE OUT OF COUNTY TRIP REQUESTS PICK-UP/DROP-OFF TIMES

Geisinger Shuttle Service (Danville & Bloomsburg areas are included)

Customers with morning appointments will be grouped together for their ride to Geisinger Medical Center. A second bus will be sent to Geisinger by 12:00 pm to drop off those that have afternoon appointments, at which time it will depart to return those that came up on the first bus. The Geisinger Shuttle will return at 4:00 pm for its final pick-up. All pick-up and drop-offs will be at Geisinger's Main Entrance.

Routine appointments and tests will be accepted no earlier than 8:00 am and no later than 3:00 pm. Requests for one-day surgery will be accepted no earlier than 6:30 am.

The USTA bus will return to the Main Entrance of Geisinger by 12:00 and again at 4:00 pm. If you have any questions about the daily schedule, please question the driver. All riders are expected to wait until everyone is finished; which is why appointments will not be accepted after 3:00 pm. Riders are expected to phone USTA to cancel their ride with USTA in the event another way home is found.

Out of County Trip Requests

USTA will only accept appointments for out-of-county trips between the hours of 6:30 am and 3:00 pm. Dialysis transportation is provided only to facilities in Snyder County and Geisinger Medical Center. Non-medical out-of-county trip requests are scheduled in the most cost-effective manner as possible and medical transportation is given priority in the schedule.

Pick-Up/Drop-Off Times

USTA drivers are considered to be "on time" when he/she arrives up to 15 minutes before or after your scheduled pick-up time. Customers are expected to be ready 15 minutes prior to scheduled pick-up times. The maximum amount of time a driver will wait for you is 5 minutes past your scheduled pick-up time. We must adhere to that guideline so that other passengers can get to their appointments on time.
